**From the Pastor:** *A New Organ for St. Stanislaus*

On Saturday, July 23, a thunderstorm lashed South Bend; it was a tremendous storm evincing the mighty power of God -- complete with *lightning*. Lightning struck the church. I feared for our brand new roof, but all was well ... so I thought. It was not until the choir began practice that the damage was revealed: the organ was rendered inoperable. It was at this time that the parish was nearing completion of our Novena to St. Anne -- it is to her, our kindly patroness, that I attribute what happened to St. Stanislaus church during that July storm. Besides the timing of this event, I attribute it to St. Anne because it seems like the gift of a grandmother -- parents give things useful (e.g., our Father, Bishop Rhoades gave us a roof), but *grandparents* tend to give *fun* things that you might not (or cannot afford to) get for yourself. So, this is the reason that the organ has not been used in the past few months -- it is broken. We've been using a small keyboard but (obviously) this is insufficient.

After a bit of an ordeal, a settlement from the insurance company has been reached which, I think, is equitable to all and satisfactory. So, in the week of December 12, a Rodgers 958 organ will be delivered. This instrument is pre-owned, but is only 6 years old and in excellent condition; the amplifiers and speakers will all be brand new. These new components are being specially made and will be installed sometime in January 2017; it will be then that the organ will be tuned and completely installed in its new home. The Rodgers 958 is comparable to what we've had for roughly the past 40 years, and I have good reason to hope that it will render glorious service to the worship due to God.

Due to the used condition, I have negotiated a warranty from Triune Music who has been so helpful in this whole process. Furthermore, I have ensured that the insurance will pay for the entire purchase, installation and warranty. Thus, St. Anne has provided us with a true gift -- a new organ at no cost to the parish! Some form of thanksgiving to our heavenly benefactor will be planned; details will be forthcoming.

I am taking the opportunity that the installation of the new organ affords to make a modest renovation of the choir loft. The electrical wiring *needs* attention, and the sound-deadening carpet will be removed in favor of a more resonant hard floor. It is my hope that even more improvements can be done in this area to not only improve the sound, but to create an architecturally pleasing and unified space. A benefactor for the majority of the cost of this project has already been arranged -- so, please remember to pray for our benefactors.

If you would like more details about this project, please contact me as I will gladly share with you any information that I have.

-Msgr. John C. Fritz, FSSP  
Pastor
